

# District 99's Proposal for 202 Multi-Family Units on 45-Acre Site

***GET INVOLVED  
TODAY!***

**Community Meeting**

**May 31, 2005**

**7:00 PM**

**Jefferson Junior High**

# **Woodridge Village Board to Consider Condemnation of District 99 Property**

- For 35 years Woodridge residents have directed that the 45 acre property owned by District 99 be set aside for civic, recreational, open space and cultural uses. The Village has tried to work with District 99 for over six (6) months for the purchase of the property, but District 99 has refused to negotiate in a meaningful way.
- District 99 is marketing their property for high density townhomes. They have developed a land use concept that includes 202 multi-family units, a roadway connection to Ravinia Lane, and no open space.
- It has been reported to the Village that Newcastle Advisors representatives have advised potential bidders to "ignore" the Village's Comprehensive Plan and that any bidder would prevail in a zoning lawsuit to permit intensive development.
- In spite of the public and often inconsistent statements made by District 99 representatives, it is clear that they intend to force an intolerable land use on our community, or extort us to stop the development from happening.
- You are residents of District 99 and your voice needs to be heard. Come to the informational meeting to talk about how you can make sure your opinion has an impact on District 99.

**Please contact School District 99 to express your opinion: 795-7100**
