SUBJECT: PROPOSED ASSAULT WEAPONS BAN ORDINANCE

CC: John Perry, Village Administrator
Tom Good, Legal Counsel

As you may recall, I asked the Woodridge Citizens for Firearms Safety Group to review Trustee Brandt's proposed Assault Weapons Ban Ordinance. A copy of their review is attached. The Woodridge Citizens for Firearms Safety did an excellent analysis of the proposed ordinance. The last page of the document presents their recommendations, including the conclusion that, "As a result of these findings, WCFFS strongly recommends against passage of this ordinance." I agree with their conclusions and recommendations.

Please review their study. If two or more Board Members would like to place this on a future agenda, please notify me by January 16, 2004.
