

## **XII. UNFINISHED AND NEW BUSINESS**

Trustee Brandt indicated that he received numerous emails inquiring about the availability for Woodridge Residents to receive Downers Grove public access Channel 16. He noted that District 99 has made live programming of high school sports events and concerts available to municipalities who want it such as Downers Grove residents. Woodridge residents currently do not have access to these live events. Trustee Brandt asked that staff look into the costs and agreements involved with Comcast and District 99 for access to these events.
