**COUNTY BOARD CHAIRMAN**

Thank you for your recent letter stating your opposition to the proposed outdoor shooting range and parking facility (for seized vehicles) on property adjacent to the Greene Valley Forest Preserve.

I share your concerns regarding the preservation of this natural area and question the suitability of locating either facility in a neighborhood that borders one of our forest preserves. Last month, as requested by the Sheriff's Office, county staff provided the sheriff with a list of all county owned property that **could potentially be considered** for use as a firing range. County staff is not endorsing any particular site and I have encouraged the Sheriff to work with our municipal law enforcement agencies to find a more appropriate location.

Again, thank you for contacting my office.

Sincerely,

  
Robert J. Schillerstrom  
Chairman  
DuPage County Board
