Subject: E-mail from Trustee Robert "Bob" Brandt  
To: Dewey Pierotti <forest@dupageforest.com>

President Pierotti:

I am writing to see if a particular parcel of land in District 2 would meet your criteria for purchase and preservation.

The land is at the intersection of Hobson Rd. and I-355 (see attached picture). It is approximately 10 acres of untouched, dense forestland. Airhart Homes has proposed to re-zone the area and develop it with single family homes on both sides of Walnut Drive which will remove all of the forested area.

Such clear-cutting will have a devastating effect on the neighborhood and school to the west in the form of more noise pollution from the highway, as well as air pollution from idling cars on the I-355 offramp, etc.

The proposal has passed cursory review by the Woodridge Plan Commission and is being presented to the Woodridge Village Board for approval on December 11, 2003. If you would please take a moment to review this to determine whether the Forest Preserve would be interested in preserving that area, I would be happy to move to table the proposal at the December 11th meeting for such time as is necessary for you to make a decision.

For more information, please call Staci Hulseberg, Director of Planning, at 630-719-4711. She can give you all the facts and figures.

Thank you. If you have any questions, please don't hesitate to contact me.

/s/ Robert "Bob" Brandt
