Mr. Robert R. Brandt

Woodridge, Illinois 60517

Dear Mr. Brandt:

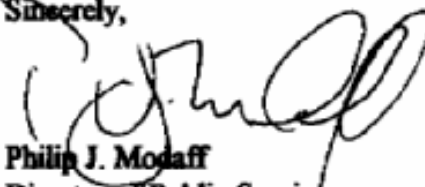

Thank you for your letter regarding construction of a sound wall adjacent to I55 in the area of the Vicente subdivision. Mr. Lockerby forwarded your letter to my attention since I regularly deal with the agencies which would be involved in such a project.

The Village of Woodridge has historically not been directly involved in the construction of sound walls beyond the facilitation of discussions between the various transportation agencies and inquiring parties. In this case, your suggestion that work should be considered adjacent to I55 would fall within the responsibility of the Illinois Department of Transportation (IDOT).

I have forwarded a copy of your inquiry to the District Engineer at IDOT along with a request from the Village to consider the matter and provide a written response; attached for your information is a copy of my letter to IDOT.

I hope this information has been helpful. If you would like to discuss the matter further, please feel free to contact me at 719-4754.

Sincerely,

Philip J. Modaff
Director of Public Services
