March 25, 2005

Woodridge, IL 60517

Dear

The Village Administrator has requested that I respond to your concern regarding the need to place trash receptacle along Janes Avenue, specifically within the proximity of the existing PACE bus stops.

The Village is currently in the process of making several streetscape improvements as part of our Tax Increment Financing (TIF) District redevelopment efforts. These improvements will occur in the area surrounding the Janes Avenue and 83<sup>rd</sup> Street intersection. As part of the improvements, trash receptacles will be placed at the northeast and northwest corners of the intersection of Janes Avenue and 83<sup>rd</sup> Street as well as at both bus stops on Janes Avenue north of 83<sup>rd</sup> Street. I have attached for your reference copies of the schematic drawings for the streetscaping improvements which depict where the trash receptacles will be located. The Village anticipates the improvements will be completed by this fall.

The aforementioned streetscaping improvements are an example of the Mayor and Village Board's continued commitment to improving the quality of life of Village residents. We both appreciate and share your concern for keeping the Village of Woodridge free of litter and debris. If you should have any further questions regarding this matter, please feel free to contact me at (630) 719-2906.

Sincerely,

Emily Dannenberg  
Planner  
Planning and Development Department
